

## **COVID-19 Updated Notice in Full**

Unfortunately, due to the high levels of COVID-19 and high transmission rates we will not be putting any of our customers or staff at risk. We hope that you can understand our considered position.

**Due to the high levels of Covid-19, Zest Blinds is closed until the end of January for all measuring & fitting.**

**Trading Standards' Officer in Scotland has confirmed essential services only - *(not blind & shutter trade)*.**

All existing fitting & measure appointments will be contacted and will be kept informed.

Telephone lines are open, we will take calls and help in whatever way we can. We can still offer advice, quotes, send samples, guide you to websites and product pages etc.

Zest Blinds assure customers as soon as it is safe to fulfil outstanding orders and take on new business, we will be ready to offer you our services.

Zest is aware other blind companies are continuing to operate normally. We do not understand how this is helping our area or the local community in the containment the Virus.

We are helping by adhering to the advice of the Government and only carrying out essential works.

We are manufacturing in Selkirk for other essential services, COVID-19 Blinds, NHS, Surgeries etc and will offer a click & collect service for retail customers. This must be booked over the telephone by calling the Zest Number, you will be taken care of once you call in your enquiry.

**Zest Blinds thank our loyal customers for their ongoing support.**

**Please spare a thought for all retail businesses in our area who are having to close again. It has been a tough ten months, but we do need your support for our local jobs, businesses and services, which in turn supports our local economy.**

**Keep it local, keep safe & hopefully normality will return in the not-too-distant future.**
